Still have questions?

If you still have questions about your choice you may find the answer in the Frequently Asked Questions included with this brochure, on the Developmental Services Toronto website at www.dsto.com or you can contact any of the agencies listed on the back of this flyer.

Individual brochures on Passport Initiative Overview, mentoring and planning are also available.

Better Futures Through Partnerships

Approved Passport funds

Trying to decide what to do with your Passport funds?

You have received Passport funding...

You have received notification that you are approved to receive Passport funding.

You have two options as to how this funding can be administered.

Option 1. You can assign your funding to a Ministry Funded Agency of your choice to administer the funds on your behalf

Option 2. You can administer the funds yourself.

To help you make an informed decision as to which method is best for you we have outlined some of the key considerations with administering a plan.

Remember... whichever option you choose you can change to the other option at anytime during the period of your funding with appropriate notice.

Purchasing Supports

You may want to attend an existing day program or have a plan which needs staffing supports to participate. If you chose...

Agency Services:

You designate a Ministry funded agency to administer your funds and the agency takes responsibility for payments; providing you with an outline of costs for the agreed period of time supports will be provided.

You may purchase existing day or staff supports offered by that agency.

You will receive assistance with coordinating supports and services of your choice, including accessing information on programs and scheduling of staff.

Agency will be responsible for all administrative duties, including the hiring and training of staff.

Direct funding:

You are the administrator of the funds. You can purchase supports from any community service including Ministry funded agencies.

You investigate the supports and services available from the community and you negotiate your support needs.

You hire, schedule and supervise your own staff supports and activities to your specifications.

You perform all the administration responsibilities, including payroll and invoicing.

You can carry out all these responsibilities on your own or hire someone to provide these services, such as an accountant or bookkeeper.
