

Service Coordination/Case Management

Service Coordination/Case Management is the term used to describe the support provided to adults who live with their families. This support includes assistance with developing self directed plans, and researching and referring to eligible supports to meet individual's goals. This service is goal oriented and short term. The agencies providing case management services receive Government funding. No fees are charged for this service.

How to Apply:

To apply for this service you will need to speak with your lead agency who can add your name to the waiting list.
